Fever, artificial 98
Fever therapy, artificial, treatment of undulant fever by 309
Frank E. Bunts Institute 3, 76, 83, 156, 163, 237, 313
Friedman test, technique and interpretion 61
Gallbladder, calcium carbonate bile 45
Gallbladder, newer developments in cholecystography 85
Gastro-intestinal manifestations of cardiovascular disease 243
Gastro-intestinal symptoms of lesions in genito-urinary tract 254
Genito-urinary tract, gastro-intestinal symptoms of lesions in 254
Growth, effects of light, sun, and other rays on 212
Hyperpyrexia 98, 309
Hypertension, essential and Raynaud's and Buerger's disease, analogy between 184
Hyperthyroidism, delirium or confusion following thyroidectomy for 103
Insulin, protamine-zinc in diabetes 26
Light, sun, and other rays, effects on growth 212
Kidney function tests, clinical and comparative value of 4
Management of chronic peptic ulcer 220
Management of patients with nervous exhaustion 173
Mechanism of anemia 270
Milk of calcium bile 45
Nasal allergy 121
Nervous exhaustion, management of patients with 173
Neuralgia of dental origin 199
Neuralgia, trigeminal 165
Newer developments in cholecystography 85
Nutritional deficiency disease 38
Peptic ulcer, management of chronic 220
Peri-urethral abscess, use of prontosil in streptococcus septicemia following 232
Prontosil, use of in streptococcus septicemia following cystoscopy and peri-urethral abscess 232
Prostate gland, treatment of carcinoma of 116
Protamine-zinc-insulin in diabetes 26
Radium and roentgen rays in treatment of carcinoma of uterine cervix 56
Raynaud's and Buerger's disease and essential hypertension, analogy between 184
Rays, light, and sun, effects of on growth 212
Rectosigmoid, transplantation of ureters into in the very young 23
Relative roles of radium and roentgen rays in treatment of carcinoma of the uterine cervix 56
Renal function tests, clinical and comparative value of 4
Roentgen rays in treatment of carcinoma of uterine cervix 56
Scoliosis, correction of by use of modified turnbuckle jacket 16
Septicemia, streptococcus, use of prontosil in 232
Significance and treatment of delirium following thyroidectomy for hyperthyroidism 103
Silicosis 52
Spermatogenesis, some endocrine and related factors influencing 187
Spinal cord, tumors of 261
Streptococcus septicemia, use of prontosil in 232
Successful use of prontosil in a severe case of streptococcus septicemia following cystoscopy and peri-urethral abscess 232
Sun, light, and other rays, effects of on growth 212
Surgical treatment of diverticulitis 207
Teeth, neuralgia of dental origin 199
Tests of renal function, clinical and comparative value of 4
Thyroidectomy, delirium or confusion following 103
Tic douloureaux 165
Transplantation of ureters in the very young 23
Treatment of carcinoma of prostate gland 116
Treatment of undulant fever by artificial fever therapy 309
Trigeminal neuralgia 165
Tumors of the spinal cord 261
Turnbuckle jacket, modification of for correction of scoliosis 16
Ulcer, peptic, management of chronic 220
Undulant fever, treatment of by artificial fever therapy 309
Ureteral transplantation in the very young 23
Uterine cervix, radium and roentgen rays in treatment of carcinoma of 56
